La struttura in metallo, solida e geometrica, accoglie il piano in un elegante incontro di linee orizzontali e verticali. Tra i due elementi si genera un armonioso effetto di continuità e perfetta integrazione.

Le essenze legno, dalle tonalità calde, il laccato, nelle sue nuance più ricercate, e il prestigioso gres Laminam® impreziosiscono il piano, ampio e uniforme. E le nuove ed esclusive tinte della struttura si accostano con eleganza.

LINE, della collezione HORO, è il modello di scrivania in cui la linearità diventa l'elemento distintivo e il fulcro del progetto. Il suo segno essenziale è valorizzato da un profilo in alluminio integrato al piano: un dettaglio che introduce un contrasto materico raffinato, assieme alle calde essenze legno o alle tinte laccate, più decise e contemporanee. La struttura si inserisce in un preciso gioco di incastri, definendo una precisa combinazione di perpendicolari: una griglia architettonica, solida e leggera allo stesso tempo.

LINE, from the HORO collection, is the desk model in which linearity becomes the distinctive feature and the core of the design concept. Its essential form is enhanced by an aluminum profile integrated into the desktop: a detail that introduces a refined material contrast, combined with warm wood veneers or with bolder, contemporary lacquer finishes. The structure is defined by a precise system of joints, creating a clear composition of perpendicular lines: an architectural grid that is both solid and visually light.

LINE, de la collection HORO, est le modèle de bureau où la linéarité devient l'élément distinctif et le cœur du projet. Son tracé essentiel est mis en valeur par un profil en aluminium intégré au plateau : un détail qui apporte un contraste de matières raffiné, associé aux essences de bois chaleureuses ou aux finitions laquées plus affirmées et contemporaines. La structure s'inscrit dans un jeu d'assemblages précis, définissant une composition rigoureuse de perpendiculaires : une grille architecturale à la fois solide et visuellement légère.

Il design di JOIN, della collezione HORO, fa delle intersezioni la sua cifra stilistica. Il modesty panel si innesta con precisione al piano, generando un profilo a contrasto essenziale e definito. Estetica, praticità e ordine sono inoltre garantiti dalla presenza di due passacavi di serie, coordinati alle finiture della struttura. Anch'essa, infine, si inserisce in questa maglia geometrica, in un gioco dinamico e continuo di perpendicolari.

The design of JOIN, from the HORO collection, is defined by intersections as its distinctive stylistic feature. The modesty panel fits precisely into the desktop, creating a clean and well-defined contrasting profile. Aesthetics, practicality, and organization are further ensured by the presence of two standard cable grommets, coordinated with the finishes of the structure. The structure itself is also part of this geometric framework, in a dynamic and continuous interplay of perpendicular lines.

Le design de JOIN, de la collection HORO, fait des intersections sa signature stylistique. Le panneau de modestie s'insère avec précision dans le plateau, générant un profil contrasté, essentiel et parfaitement défini. L'esthétique, la praticité et l'ordre sont également garantis par la présence de deux passe-câbles de série, coordonnés aux finitions de la structure. Celle-ci s'intègre à son tour dans cette trame géométrique, dans un jeu dynamique et continu de perpendiculaires.
